

DHCH MISSION STATEMENT

~ MISSION ~

Desert Hills Christian Homeschoolers serves to support and provide for those parents who have chosen to make the sacrifice and commitment necessary to teach their own children privately at home, independent of any publicly-funded school program, thereby retaining complete control of their children's education.

~ PHILOSOPHY ~

The philosophy of the DHCH Board is that parents have a God-given responsibility and a constitutional right to educate their children both spiritually and academically.

~ GOALS ~

We seek to bring glory to God by teaching our children according to the Biblical mandate of Deuteronomy 6:6-7. We believe that telling our children about Jesus Christ and how they can be saved is of utmost importance. We wish to make disciples of our children, showing them how a Christian ought to live. We also desire to educate our children about God's wonderful creation and His providential role in the history of the world.

~ VISION ~

Our vision is to encourage, edify and equip homeschooling parents who seek God's Will and follow God's Word for the education of their children, as they strive for excellence in all areas with God's grace. We are committed to joyfully supporting one another to nurture the spiritual, social, and academic growth of our children so that they may become responsible adults who love and serve God.
